

PLANE TALK

Lancaster County Radio Control Club, Inc.

www.lcrcc.us

Meeting Notice

When: Thursday March 6th at 7pm.

Where: LCRCC flying field

Agenda: Business meeting, come and participate in your club

Help Needed

Help! We need help at the Central Penn event. Volunteers are needed to ensure that this event is successful, these volunteers are you, the membership of this club.

So, why should you spend a few hours at the event?

#1 is because this is the biggest source of revenue for our club. The club house and mower are a few of the items we purchased with the help of the revenue generated from this event. If and when we are able to obtain property to move our field off of the "goat path", the money from this event will go to constructing the field.

#2 is because it's fun. You do not need any experience to volunteer, just some enthusiasm and an ability to follow some simple directions.

#3 you get a chance to see what deals are available and spend some of those modeling dollars on some newly prized R/C items.

If you haven't volunteered yet, get involved. Please e-mail or call Harris at (717) 872-7362 to volunteer your services.

From the President

This is a request to change the bylaws regarding the election of officials. I propose nominations for the elected officials are given during the August meeting, the election to be during the September meeting with the elected officials taking office on January 1st of the following year. The purpose of this proposed change is to attempt to get more membership participation.

Notice

For those of you that have the newsletter mailed. If you have any R/C related items that you want to put for sale in the newsletter, mail them to me (if you have pictures), or call me with the details (if no one answers, leave a message along with your phone number). Please get them to me by the 20th of the month so I can get them in the next months newsletter. There is no charge to run an ad.

Thanks,
Jim Wiker

2008 Club Officers

President	Craig Peck	475-2482

For Sale

The 80" Treehopper trainer I'm building which is powered by a 25 cc gasoline engine (stock photo attached) will be for sale after I write the magazine article on it. It should be completed shortly and will be for sale after the test flights for \$300 (firm) which will include the finished airplane and engine. There will be no radio gear included. If you're seriously interested, please write or call. Thank you.

MINUTES FEB 7, 2008

Meeting at Harris's called to order at 7:20 by Craig

Minutes: Accepted as published.

Treasurer Report: Bob delivered. We remain solvent

Guests and Prospective Members: Tom Hobbins [Rob's brother but we wont hold that against him] An Air Force veteran of 30 some years flying a variety of Jets. Also has been a model pilot for years. Now retired.

Ron Ernst, seasoned flyer now retired and ready to devote more time to it.

Robin Renzetti, Is currently hovering a heli.

All were approved to become members.

CPAA: Harris reports that all is going according to plan. If you haven't signed up to work please call Harris. The club table [two tables] is to be manned by whomever is selling items . Coverage should be arranged between those doing so.

Events: Hrayr passed out a list of events for the year. It was mentioned that we should do a couple of night fly's and a fun fly. Hrayr will look at doing the night fly's in May and Oct. The fun fly can be worked in sometime in the summer. Bring your ideas to the next meeting. Lancaster Community Days at the Airport should be the last weekend in Aug. so at this time there is no conflict.

Safety: Rick had 2 items. 1] When flying stand on the Pilot stand block to maintain visibility for all.
2] He suggested we redefine what goes on in the "Hover" area to include 3D with Foamies & other smaller planes. We may need to redefine that area for this also. Item is tabled until March meeting. Think about it and we'll discuss it then.

Field Marshall: Craig has not yet appointed anyone. Craig suggested we need stone in the parking area between the shed and the outhouse as well as in the drive. Bob H will take care of it.
It was also noted that we need to do something to keep the outhouse from blowing over. It was suggested to get two pre-cast lentils and set it on them. Anyone have access to these items?

New Business: Craig suggests that we move the nomination and election process up into the summer months. He will compose the proper changes to the Bylaws and get them to Jim for publishing in the March newsletter. It can then be voted on at the April meeting. Craig brought up a question about

Continued next page

Park Flyers. Doesn't seem to be any problem at this time. They need to be members to fly at our field. If a problem develops in the future we will deal with it then.

Bob H. brought up Combat. He had a flyer on an inexpensive .15 size plane. About 5 or 6 people expressed and interest. Think about it and come prepared to discuss further next month.

Finance Committee: No action taken

Old Business: None

Meeting adjourned

50/50 \$12.00 won by Steve

Respectfully submitted by Bill Henry

Club Calendar

Unless otherwise specified all meetings will be held at the field
